

Arkansas State Music Teachers Association

SIGHT READING

The examples students will be asked to sight read during the ASMTA Festival will be selected from *Four Star Sight Reading and Ear Tests*, Books 1-10 by Boris Berlin published by Frederick Harris Music. The ASTMA curriculum level will match the Four Star curriculum level. For example, a student competing in Level 1 will be expected to play a sight reading example from the *Four Star* Level 1 book; a student competing in Level 2 will be asked to sight read an example from the *Four Star* Level 2 book; and so on. Primary A will be asked to tap or clap a rhythmic exercise only, created with the written theory guidelines in mind. Primary B will be asked to sight read a right-hand-only pentascale piece in the C major position.
